

C.J.H. Cameron Prep School

After-School Academic Tutorials

Starting September 18th, we have a great tutorial program at Cameron Junior High School. We will use web-based programs that are built on the objectives that your child is required to master for grade level TEKS. We also offer tutorial assistance for each core subject.

Teachers will be using computer based programs to tutor students after school on Mondays, Tuesdays, Wednesdays, and Thursdays from 3:35-4:30 p.m. Math and Science assistance will be on Mondays and Wednesdays. ELAR and Social Studies assistance will be on Tuesdays and Wednesdays.

We are inviting your child to join us starting September 18th or any time after that. The web based programs are fun and interesting for students to learn and practice academic skills.

A light, healthy snack will be provided for every student attending so there is no need for the snack bar.
