Cameron ISD Chromebook Loan Agreement 2023-2024

Cameron ISD is pleased to offer our junior high and high school students a Google Chromebook through the CISD Technology Lending Program. Use of the wireless network will provide Cameron ISD students access to numerous applications and the Internet for educational purposes. Cameron ISD believes that teaching using 21st Century tools will improve the educational opportunities for our students.

These devices may also access the student's home Internet through WIFI. Internet access away from school is critical to the success of the program and more importantly, the student.

We hope that you share our excitement of being able to offer the mobile devices as an instructional resource to our students and teachers in Cameron ISD. The impact on teaching and learning will be enormous. Our students will gain access to up-to-date information and will be able to use this information to enhance learning. In addition, their technology skills will increase and better prepare them for higher education and the workforce. As with any initiative, there will be constant assessment and necessary changes to make this project work to the maximum benefit of our students. We are committed to that goal.

This Agreement represents an outline of the Responsible Use Agreement and Procedures. By signing this Agreement, students and parents/guardians agree to follow the Processes and Procedures.
